

BESTMALZ

FOR THE BEST BEER

Product Specification

BEST Pale Ale

Crop: 2019

Produced from quality spring barley. Following our unique process, BESTMALZ uses carefully selected grains before malting them. BEST Pale Ale deepens the light “golden” color of top-fermented beers, creating a pleasant flavor. It forms an enzyme-rich foundation for intensive colored beer styles. It is an excellent base malt for brewing many different styles of British pale ale as well as for brewing Kölsch beer. Flavor: Ale, typical malty taste, lemongrass
